Signing in with myGovID

Firstly, visit the QRIDA MyAccount portal at myaccount.qrida.qld.gov.au

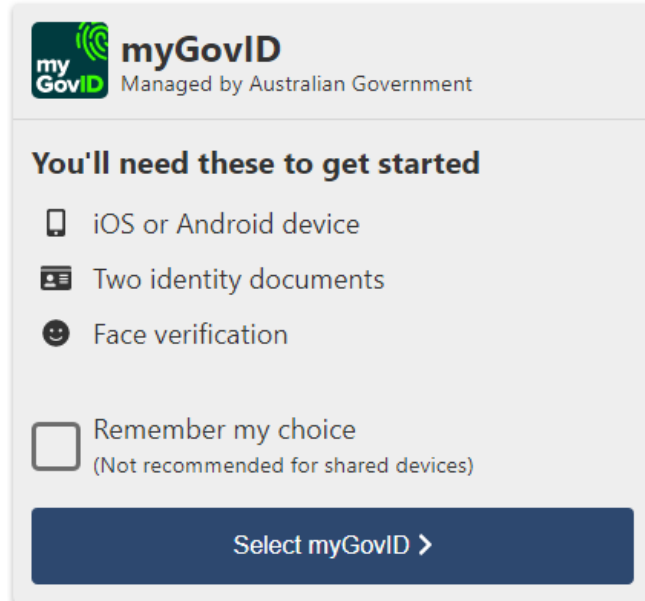

Step 1

Click on the 'Login using myGovID' button

Step 2

You will be automatically redirected to identity.gov.au, where you will be presented with secure login options. To log in, select 'myGovID':

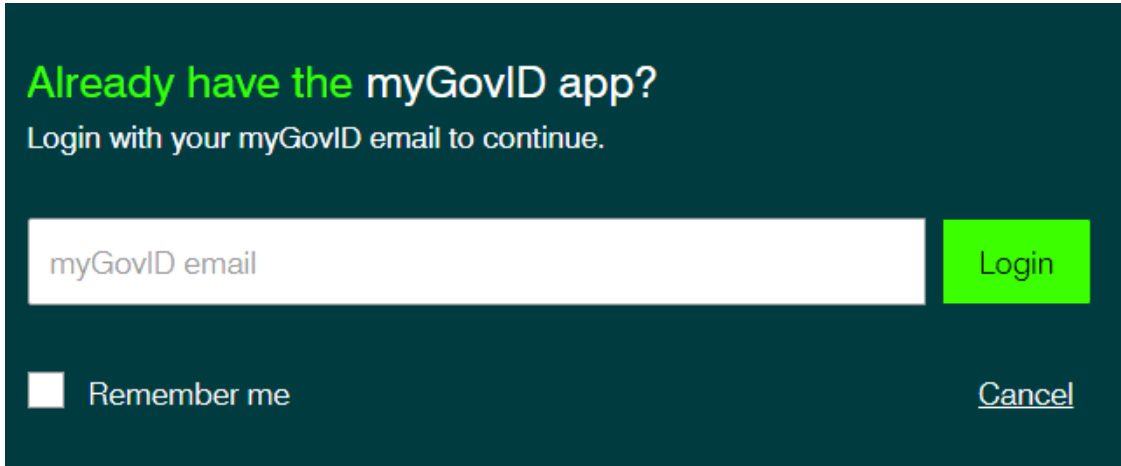

Logging in with myGovID will automatically verify your identity, which will save you having to undergo an ID verification check to access your account information.

Step 3

If you've never used myGovID before, you will need to follow the steps detailed on the image below. This involves downloading the myGovID app, proving who you are in the app and then returning to this page. These steps should only take a couple of minutes to set up.

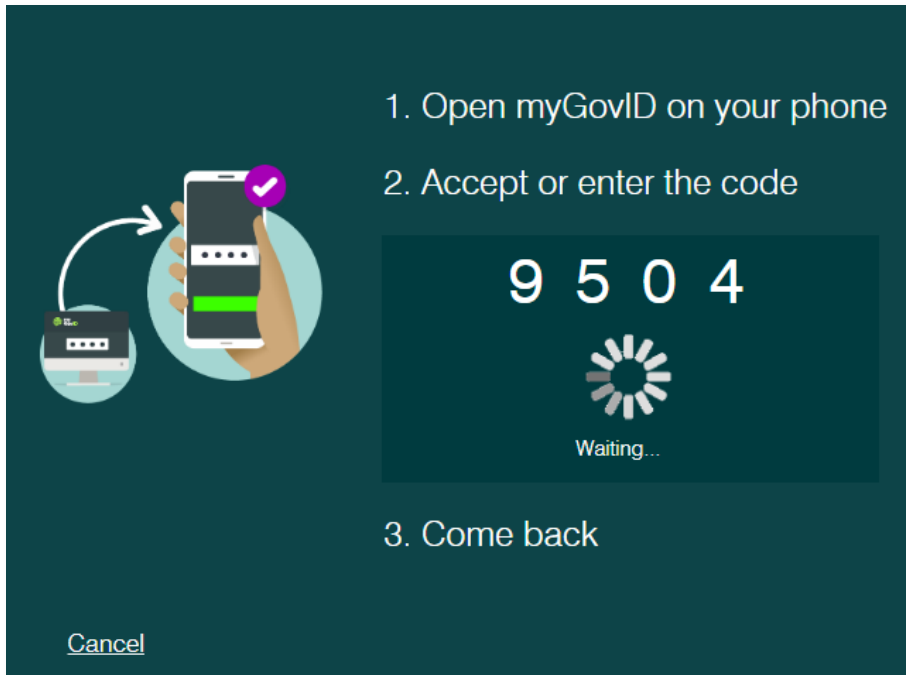

Once you're set up with myGovID, or if you already have the myGovID app, type your myGovID email into the box below and click 'Login'. Optionally, you can tick 'Remember me' to remember your email for next time.

Step 4

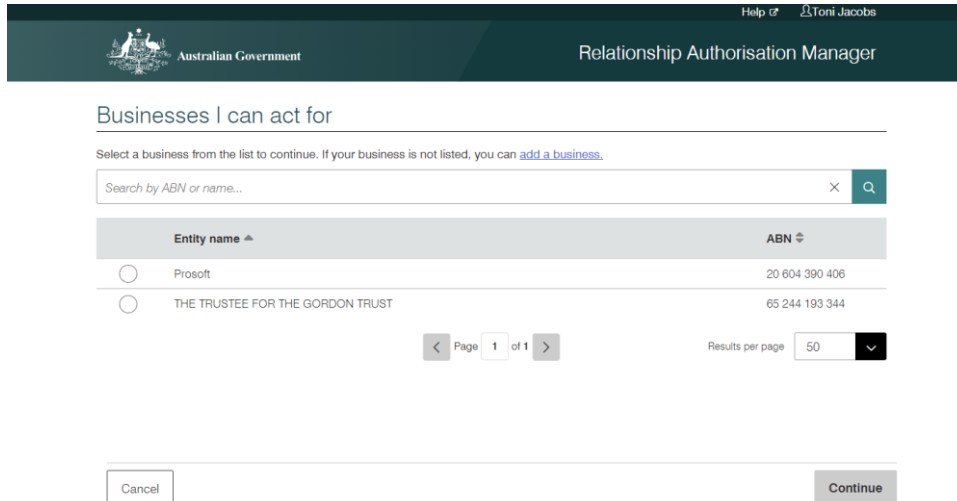

You should now see a random 4 digit number. An example is provided below. This will be the prompt to open the myGovID app. You can enter the code you can see on your screen in the myGovID app. Note, the code below is an example only.

Once you've successfully entered in the code, the website will redirect you to the Relationship Authorisation Manager (RAM). Where you can select the business to log in as.

Step 5

On the Relationship Authorisation Manager screen, you can select from business accounts that you can act for. To access the correct account information in the QRIDA MyAccount portal, you must select the business account that has the same ABN as the one used in your QRIDA account.

The screenshot shows the 'Relationship Authorisation Manager' interface. At the top, there is a header with the Australian Government logo and the user's name 'Toni Jacobs'. Below the header, the page title is 'Businesses I can act for'. A search bar is present with the placeholder text 'Search by ABN or name...'. Below the search bar, there is a table with two columns: 'Entity name' and 'ABN'. The table contains two entries: 'Prosoft' with ABN '20 604 390 406' and 'THE TRUSTEE FOR THE GORDON TRUST' with ABN '65 244 193 344'. At the bottom of the table, there are navigation controls including 'Page 1 of 1' and 'Results per page 50'. There are 'Cancel' and 'Continue' buttons at the bottom of the page.

Entity name	ABN
<input type="radio"/> Prosoft	20 604 390 406
<input type="radio"/> THE TRUSTEE FOR THE GORDON TRUST	65 244 193 344

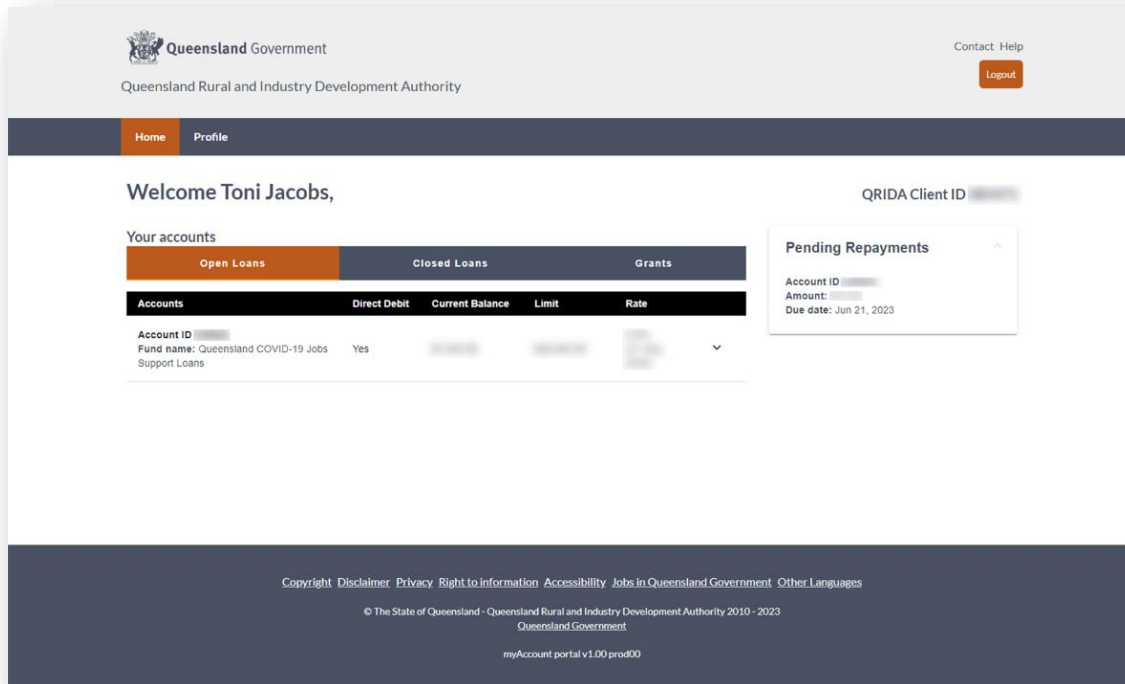

Once you've successfully completed this step, the website will redirect you back to the QRIDA MyAccount portal, and you will now be securely logged in with myGovID.

Note: If the business entity used for your QRIDA account does not appear in the Relationship Authorisation Manager screen, visit <https://www.abr.gov.au/general-information/accessing-online-services-mygovid-and-ram> on how to add it to your myGovID.

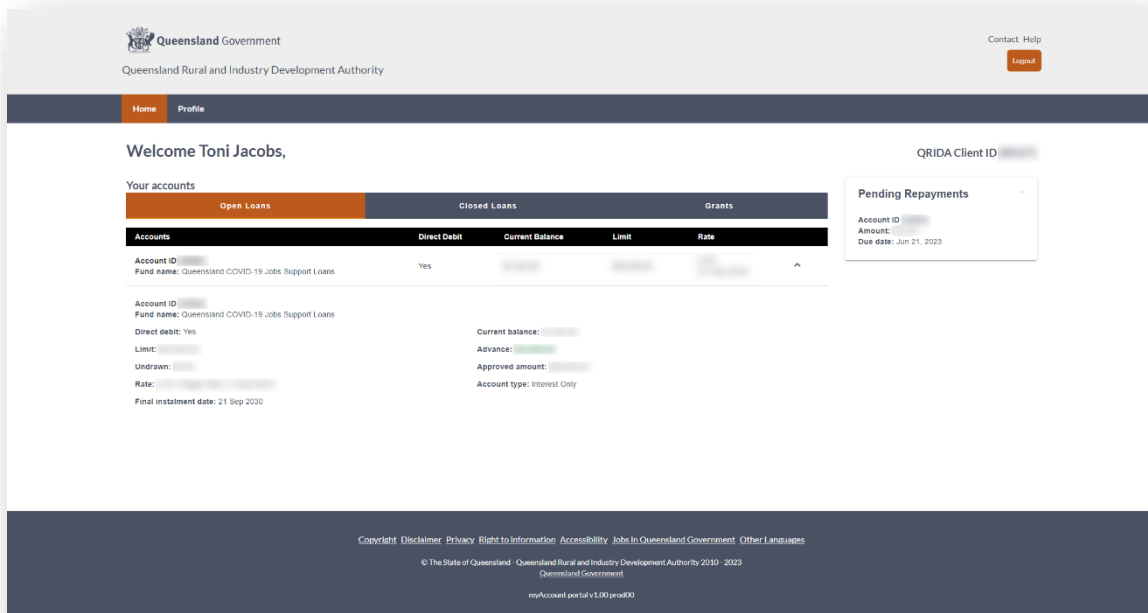

If you encounter any difficulties at any point with logging in via myGovID, or wish to speak to a support representative, please refer to the myGovID general support available at the following link: www.mygovid.gov.au/help-contact-us#general-support

Viewing your QRIDA account

Once you have successfully logged in to QRIDA's MyAccount portal, you will see the MyAccount home page as provided in an example below. This page will allow you to see all your loan accounts and grants.

Clicking on an account in the table will expand to display more information about that account.

Click on the tabs across the top to see details of your open loans, closed loans, and grants.
